

BU-00201-@

(Plunger Clip, Small)

- The BU-00201 is a small plunger clip that is typically used for testing small electronic components.
- Overall length 1.75" (44mm), overall width 0.55" (14mm)
- Connects to wire via solder connection.

• Material: Cap, body Glass-filled nylon

Spring Stainless-steel

Contact Beryllium copper

• Rating: Current 10 Amps

Voltage 1000V

• Color: The "@" in the part number is color.

Available colors are: -0 Black, -2 Red

RoHS 3 compliant
