

**READ ALL WARNINGS AND INSTRUCTIONS PRIOR TO  
INSTALLING THE KOBI LED Disk Light TO ENSURE SAFETY AND PROPER OPERATION**

**DO NOT** make or alter any open holes in an enclosure of wiring or electrical components during fixture installation.

**DO NOT** install damaged product. This luminaire has been properly packed so that no parts should have been damaged during transit. Inspect before installation.

**DO NOT** exceed maximum wattage marked on luminaire.

**WARNING** - Risk of fire or electric shock. LED Disk Light installation requires knowledge of luminaires electrical systems. If not qualified, do not attempt installation. Contact a qualified electrician.

**WARNING** - To prevent wiring damage or abrasion, do not expose wiring to edges of sheet metal or other sharp objects.

**WARNING** - Verify that supply voltage is correct by comparing it with the luminaire label information.

**WARNING** - Make all electrical and grounded connections in accordance with the NEC and any applicable local code requirements.

## INSTALLATION INSTRUCTIONS

**DANGER - RISK OF SHOCK**  
**DISCONNECT POWER BEFORE INSTALLATION**

### This includes:

1 Kobi Electric LED Disk Light  
1 Safety and Warning Label Sheet\*  
1 Installation Instruction Sheet

1. Turn off power at the source.
2. Remove existing fixture and disconnect all electrical wiring. (Figure A)
3. Rotate lens to the left (counterclockwise) on the LED Disk Light to remove from fixture. (Figure B)
4. To mount the fixture directly to an junction box, insert fixture screws two full turns into screw holes in the junction box. (Figure C)
5. Connect White wire from fixture to White wire from junction box. Connect Black wire from fixture to Black wire from junction box. Connect Bare/Green ground wire from fixture to green ground wire from junction box. (Figure D)
6. Align keyslot holes on fixture with fixture screws and push up. (Figure E)
7. Align three tabs on lens with three slots on fixture and twist lens to the right (clockwise) until it stops. (Figure F)
8. Turn on power at the source.
