

BU-00285

(Insulated Mini-alligator Test Lead Set)

- The BU-00285 is a set of insulated, mini-alligator test leads which are used to test electrical components or circuits.
- Constructed with 22 (19/34) AWG, PVC-jacketed wire and has color-matching insulators.
- Material: Wire insulation PVC
 Alligator clips Nickel-plated steel
 Clip insulators Flexible PVC
- Ratings: Current 5 Amps
 Voltage Hands-free testing to 300V
- Length: Each lead is 18" (46cm)
- Color: 2 each of (Black, Red, Yellow, Green, White)
