

BU-00201-@
(Plunger Clip, Small)

- The BU-00201 is a small plunger clip that is typically used for testing small electronic components.
- Overall length 1.75" (44mm), overall width 0.55" (14mm)
- Connects to wire via solder connection.
- Material: Cap, body Glass-filled nylon
 Spring Stainless-steel
 Contact Beryllium copper
- Rating: Current 10 Amps
 Voltage 1000V
- Color: The "@" in the part number is color.
Available colors are: -0 Black, -2 Red
- RoHS 3 compliant
